

8.5.2021

Dear Gary,

Seems to me too often we go through life without finding a moment to express to one another how they may have been a positive influence. A mentor you might say. In view of the above, I feel a need to thank you for being my role model while at St Pat's. I've always admired your athleticism, especially your leadership and intensity level.

Of utmost importance, I appreciate Gary "the person!" The person that shared lunch with me. The person that tutored me in Algebra pro bono. Although you may not be aware of it, I was in a bad place in my life while at High School and you made it better.

Because I don't want to be one of those persons never expressing their gratitude, I would like to give you the enclosed Eagle "a symbol of courage". Thank you for being my friend for I value our friendship!

Sincerely,
Your Pal,
Charlie Fiduccia
