

**50th Reunion
Class of '71
October 9, 2021**

WELCOME SHAMROCKS FROM THE CLASS OF 1971 AND GUESTS

Many things have changed since you last graduated from Saint Patrick High School 50 years ago, and yet the Lasallian tradition and its mission have remained the same. Saint Patrick is on the cutting edge with its strong educational programs and state-of-the-arts facilities.

We'd like to take this opportunity to thank you for joining us tonight. We hope this reunion provides you the opportunity to share memories and reconnect with classmates. May this evening be a memorable one!

REFLECTIONS FROM THE CLASS OF 1971

"Good science and math programs." **Paul Adamczyk**

"Took the Harlem Avenue bus to school - about an hour each day, one way, for four years and I loved every minute of it! Living through Vietnam, Woodstock, Democratic Convention of 1968. Sock hops, pep rallies, etc." **James Burgess**

"I enjoyed my years at St. Pat's. I made new friends and faced a lot of challenges." **Timothy Chambers**

"Great education, great friends." **John Costello**

"Wonderful four years! I wish I participated more in sports and extra curriculars, but I would not trade in this experience with anything else!" **Kenneth Derus**

"Great education with Christian values. I moved out of the Chicago area during college and sadly lost connection with other St. Pat's classmates." **Thomas Fahey**

"I am proud to be a Shamrock. St. Pat's always had competitive sports. I am a proud member of the Class of 1971 ESCC Football Champions. I experienced great Christian education that has carried on to my children and grandchildren. It also helped me develop a solid work ethic with strong Christian values." **Charles Fiduccia**

"The faith-based education by the Christian Brothers and exceptional teachers was instrumental in forming my young adulthood. We had great sports teams, the best sock hops, and our own in-house TV station - WPAT. The various clubs and academic challenges offered many advanced placement courses that other schools did not offer. Shamrock school spirit lasts for decades." **Brian Fitzgerald**

"I loved my 4 years at St. Pat's and reflect on them with great memories. I will forever be grateful for the guidance and mentoring of my track coaches, George Gabauer and Bill Drennan, who continue to motivate me to this day. I made great friends at St. Pat's, teammates, and classmates, and always enjoy reconnecting. I was blessed to be able to compete against a future world cross-country champion and future Olympians in cross country and track and field in 1970 and 1971. Truly a golden age in the sport, and the academics were pretty good as well." **Robert Gagne**

"The incredible success of both football and basketball made for some fun times. Playing on the football team gave me confidence that was helpful later in life. Once I reached Loyola, I realized that I was well prepared academically for future endeavors." **Terance Gaughan**

"I met many fine people there, including teachers and fellow students. I owe a tremendous debt to them. I am very grateful to Brother Julian Martin who taught our AP English class. He was the best educator I have ever encountered, and he inspired many of us to apply to colleges that we otherwise thought were out of our league." **Basil Holoyda**

"Freshman year swimming team was rough with after-school workouts. At the time, my small height quickly eliminated me from football, which was a disappointment. My closest friends were from homeroom, which was based on alphabet order of your last name every year. Our principal was excellent and fair. Our gym teacher was fun except for waffle bat! We were all so young, immature, and lost." **Paul Krantz**

"Wonderful preparation for college and the military. Excellent education with math, biology, chemistry, and Spanish especially noteworthy. Mr. Mueller is my hero for paving the way for straight A's in my analytical math/applied math major in college. Br. Patrick's four years of Spanish allowed me to validate college Spanish. Mr. Welker and Br. Thomas Dominic are solely responsible for my love of the sciences and medicine." **Alan Krukowski**

"I loved all my time at St. Pat's. I had great teachers and made great friends. I was well prepared for college. The school spirit was unparalleled, and a positive vibe existed every day. Our sports and academic programs were superb!" **Michael Malartsik**

"I went to St. Pat's for my 3rd and 4th years of high school. I have fond memories of my experiences there. I have a small group of friends that I made there and continue to stay in touch with."
Michael Malin

"One of the only Catholic schools in Chicago where you could major in business. It was great preparation for my chosen career as a professional salesperson." **Gary Masonick**

"Fantastic experience; good teachers; great class offerings; my neighborhood school area of Belmont and Austin. Taught me about pride, working hard and hustling to do your best, the importance of discipline, and accountability actions." **Frank Mattucci**

"Solid education, great friends and memories. The teachers were interested in providing us tools we could use in college and afterwards, not trying to indoctrinate us with socialistic teachings as is sadly the case in many schools today. We know the difference between right and wrong as was emphasized in our religious and civic lessons. Thank you!" **Patrick Quillinan**

"Best memories are with my friends on the track and cross-country teams." **Lawrence Saxton**

"Great sports teams, my time on the swimming team, football, tennis, Chorus Club."
Richard Schaefer

"Fortran Programming with Mr. Janowiak changed my life. Have since programmed in 30 languages and got 17 patents while at Intel. Designed or worked on about 30 products. Developed new technologies. I met Mike Reinhart '70 while at St. Pat's and he helped with my interest in electronics. Science classes at St. Pat's helped too. Good moral teaching. I married Mike's sister in 1976." **Keith Self**

"The lessons I learned at St. Pat's provided the foundation for the rest of my collegiate education and career." **Patrick Walsh**

"Some of the best years of my life. I appreciate the Christian Brothers keeping me in line and inching forward. Great education, good memories." **James Zirngibl**
